

STANDARD RANGE

The world's best known and best selling treeshelter. Tubex Standard incorporates all the tried and tested Tubex features to provide enhanced growth and reliable plant protection.

Tubex Standard is designed to last a minimum of 5 years*, boosting the chances of survival and healthy growth through the early stages of the tree's life. Tubex Standards are quick and easy to install, provide a microclimate which aids strong root and stem growth, allowing planting of smaller, cheaper trees.

For bigger planting jobs, Tubex Standard Plus in a wider diameter than the normal standard, gives more space for larger species to grow. For more exposed site conditions, consider Tubex Combitude.

*shelter longevity is dependent on site and weather conditions but is typically 5-7 years

Products	Standard	Standard Plus
Heights (m)	0.6, 0.75, 1.2	1.2, 1.5, 1.8
Diameter (mm)	73 - 105	80 - 120
Nest	5	5
Bundles	100	60
Colour	Green	Light Green
Ties	1 x 9" (0.6m) 2 x 10" (0.75m+)	2 x 10"
Support	Stake	Stake

Overview of shelters

Tubex shelters have been specially designed to provide the right solution for your planting needs. Over the years we have developed unique features that all contribute to the effective establishment of trees.

Features of shelters:

Laserline, designed to split avoiding strangulation as plant grows

Nested for ease of transport and storage, whilst maintaining original shape

Flared rim to minimise stem abrasion

Pre fitted thumb releasable ties for quick, easy installation and maintenance

Twin wall construction for rigidity and best strength to weight ratio

UV stabilised polypropylene to provide minimum 5 year protection

Strengthening rods at stake area to prevent tearing of the shelter

Optional extras include punched holes for ventilation

Available in Bio-Hybrid

Features of mesh range:

Pre fitted thumb releasable ties for quick, easy installation and maintenance

UV stabilised and made from recycled plastic to provide minimum 7 year protection

Flared rim to minimise stem abrasion

Nested for ease of transport and storage, whilst maintaining original shape

Weld line and flared rim splits avoiding strangulation as plant grows

Available in Oxo-Bio
